

The map displays the United States with a grid of numbers and colored regions representing aviation categories. The legend in the bottom right corner defines the categories:

- VFR (green)
- MVFR (blue)
- IFR (red)
- LIFR (pink)

The map shows a complex distribution of these categories, with VFR being the most prevalent across the entire country. MVFR, IFR, and LIFR regions are scattered, often following major flight paths or specific geographical features. The grid numbers vary significantly, with many areas showing values of 13000, while others show lower values like 200, 300, 400, 500, 600, 700, 800, 900, 1000, 1100, 1200, 1300, 1400, 1500, 1600, 1700, 1800, and 2100.
