

The map displays the United Kingdom with a grid of aviation categories. The legend indicates four categories: VFR (green), MVFR (blue), IFR (red), and LIFR (pink). The map is predominantly green, indicating VFR conditions. A few blue regions (MVFR) are visible, notably one in the central-western part of the country. The map is overlaid with a network of black lines, likely representing flight paths or boundaries. Numerous numerical values are scattered across the map, ranging from 200 to 13000, which may represent altitude or other aviation-related metrics.
