

The map displays the United Kingdom with its aviation categories. The legend indicates four categories: VFR (green), MVFR (blue), IFR (red), and LIFR (pink). The map is filled with green, indicating that most of the country is in the VFR category. There are a few small blue areas, indicating MVFR conditions. The map is also covered with numerous numbers, likely representing altitude or frequency, ranging from 200 to 15000. The numbers are distributed across the entire map, with some areas having higher concentrations than others.
